Dear Shooting Ranges, Gun Clubs and Event Leagues,

PAC-NOR Barreling, Inc. just wanted to share with you that we are back in production and ready to make you a custom precision rifle barrel. 100% Made in the USA

It took us 10 months to completely rebuild from our Fire last October 23, 2019 that completely destroyed our production shop.

We have opened with limited machinery and tooling and will be adding both as we can.

It may be awhile before we have advertising material, Hats and Shirts but when we can, we will be happy to share with your Events.

Please watch our Web Site and our Face Book page as we add more information.

If we can help with orders or question please call or email us.

Thank you for your continued support of PAC-NOR Barreling, Inc.

Kind Regards,

Chris Dichter, President/CEO.
